
LIGHTHOUSE

Dear Todd,
It's been fun this year having you in alot of my classes. It's been fun watching you and Kelvin pull funny stunts. Keep up the good work and come back next year keep being yourselves.
your friend Bob Gaines "84"

TODD,
You WANTED A LOVE LETTER. WELL HERE you go.
It SHOULDN'T BE HARD CONSIDERING HOW CUTE AND LOVIBLE YOU REALLY ARE WITH THOSE CUTE LITTIE LEG AND GREAT BODY. YOU CAN'T KNOW HOW MUCH YOU MEAN TO ME.
I'M NOT SURE ABOUT A LOVE LETTER But WE DID HAVE SOME GOOD TIMES in CON-ED AND OTHER CLASS HOPE TO SEE YOU THIS SUMMER
Love JANELLE

Todd
I have enjoyed having you in the room this year. You are a good student and a great potential. God has a plan for your life that will make you happy. He and I care much for you. Have a good summer.
M. Botts

Todd,
Well you finally got your wish, leaving medical records. I hope you are truly happy with insurance. Well, couple more months and you'll be old enough to sneak into a rated "R" movie without any problem. I did have fun sneaking into "Porky's" and Quest for fire. You guys (Kelvin & you) are pretty good buddies, you guys get along fine. To bad you and Sheri didn't work out, but oh well, you still have two years to swoop some more. ha ha To bad you had your first crash, but I can't talk, and totaled a car and got a ticket. Maybe we can go to see some more movies this summer, when they come out. See you this summer in Insurance and at church. Have a good "working" summer.
your friend,
Todd Ewing

★ "This page reserved for Lisa Davis" ★

wow tc,

Thanx for saving this whole page for me! (Just Kidding) You and I have been through alot together this year - I can't believe its over! Why when you're dreading the end of something great, it ends so quickly?! That isn't fair! But I suppose that's the way things are!

Hey how many girls could you say have seen your underwear? Just me and Stu - huh! Remember Bible Camp!! That's the funny part of it -- forget the rest! Always keep that pillow case! Okay.

Remember when you and KK pretended like your were stripping in front of me? And I buried my head in Denny's closet! I was so embarrassed! Or at Jack-in-the-box the girl taking our Drive-through order? I laughed so hard! I'll never forget all the great times we've had, like after Youthmeetings getting stopped by the police - You were shaking so?! HA I wouldn't have traded not one of the things we've been through or the memories we have had.

Now aren't you glad you finally went on Space Mountain! Who else would have dragged you on it like I did, not caring how pale and terrified you were - like you even had a fever! But of course I had only your best interest at heart.

I'm so happy we've stayed such close friends! Its definitly been hard sometimes with "some" people but we've always pulled through. Though sometimes I don't feel like I could go on you're always there I can relie on you for that and to always stick up for us - though everyone else backs down.

You've helped me bring out myself a little bit more, I've learned to understand myself more, and even though it has been the HARDEST year of my life I've grown alot because of it! And Thank you for having an ear open and willing to listen.

If there was any reason - I mean there is none, but no one would convince me of not leaving except you... now I'm totally depressing myself! And you too! I'm sorry! →

1982 LIGHTHOUSE

please never forget me! You're so sweet. I will never forget you or will I ever find a better friend - I promise. I will definitely come back on Christmas vacation so I'll see you then! You and Stue will work everything out then and you'll be together! Just have patience - she does like you an awful lot! When I come down we can go to Plaza Bonita (PB) and you can embarrass me like old times okay?! Or drive away and leave me stranded in the parking lot! Also, I'm kidding! Good luck in all you do! I hope when you are with your grand parents you'll be happy! Please keep in touch. I promise I'll write to you. You have what it takes to be super successful in this world; but remember this world doesn't last long, so all you do keep your eyes on Christ and remember He loves you - me too! Have a wonderful summer with Stue! Now that we spent an hour writing this I'd better go to bed so... Love ya lots, yeah!

Lisa

Classof Eighty-Four!!

P.S. We've gotten closer these last two days - it'll be harder to leave but I'm still glad we did!

and I'll buy you a shirt - okay!

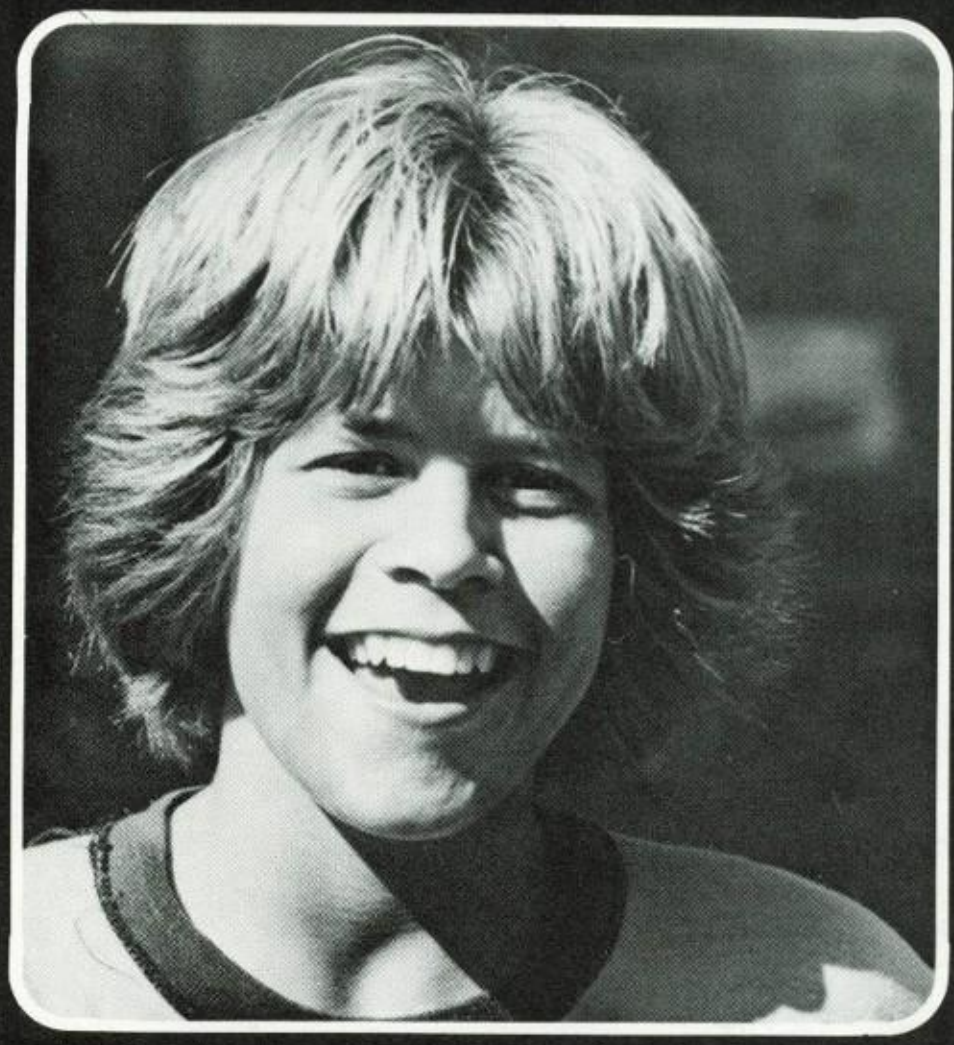
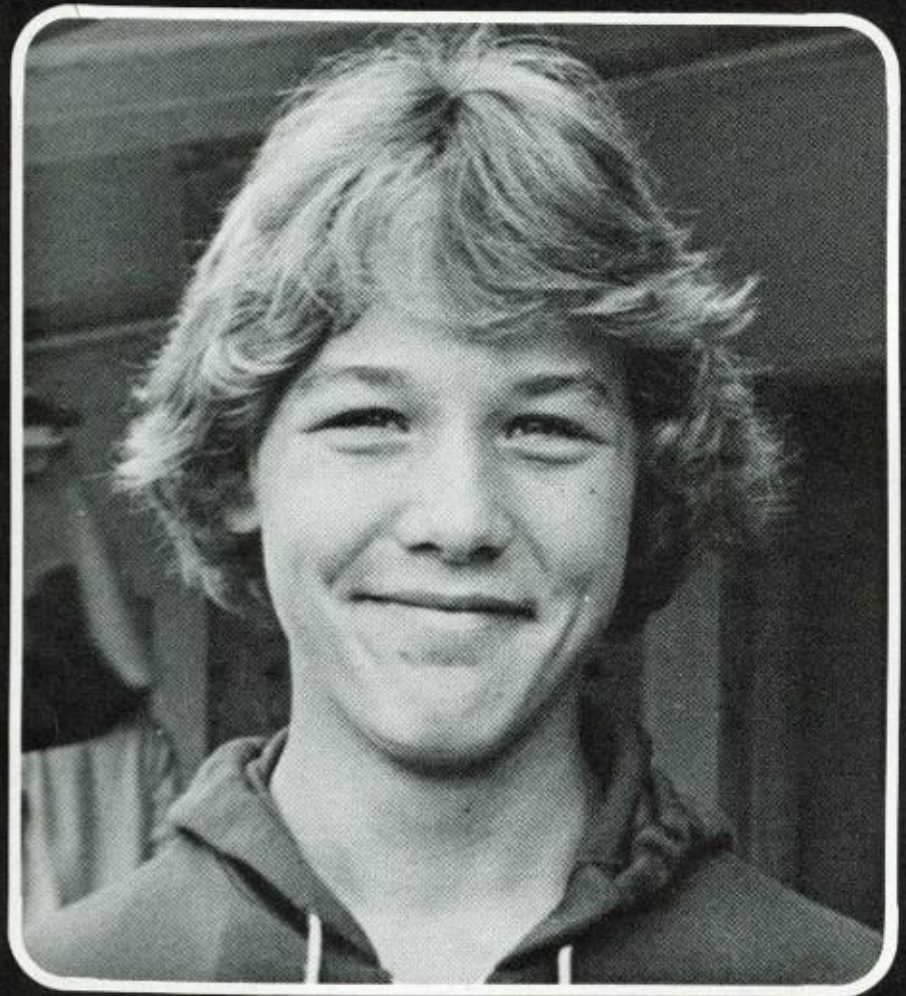
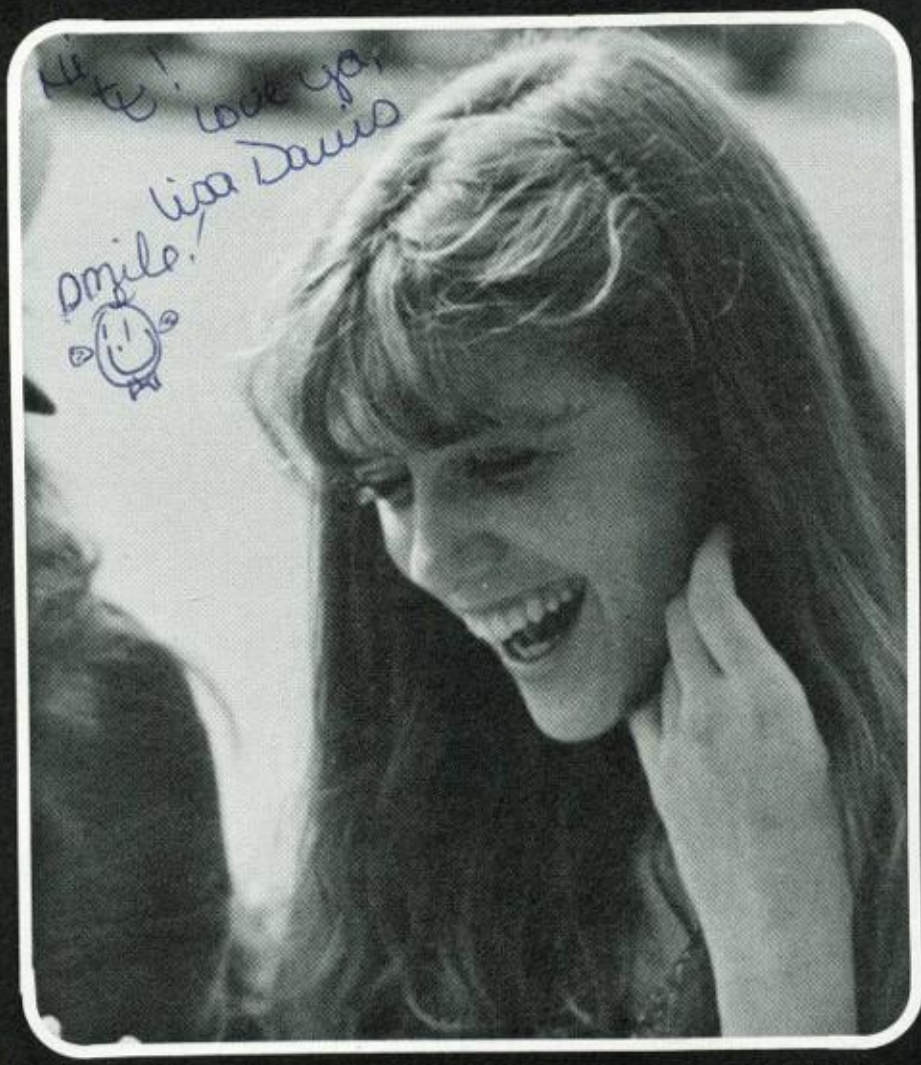
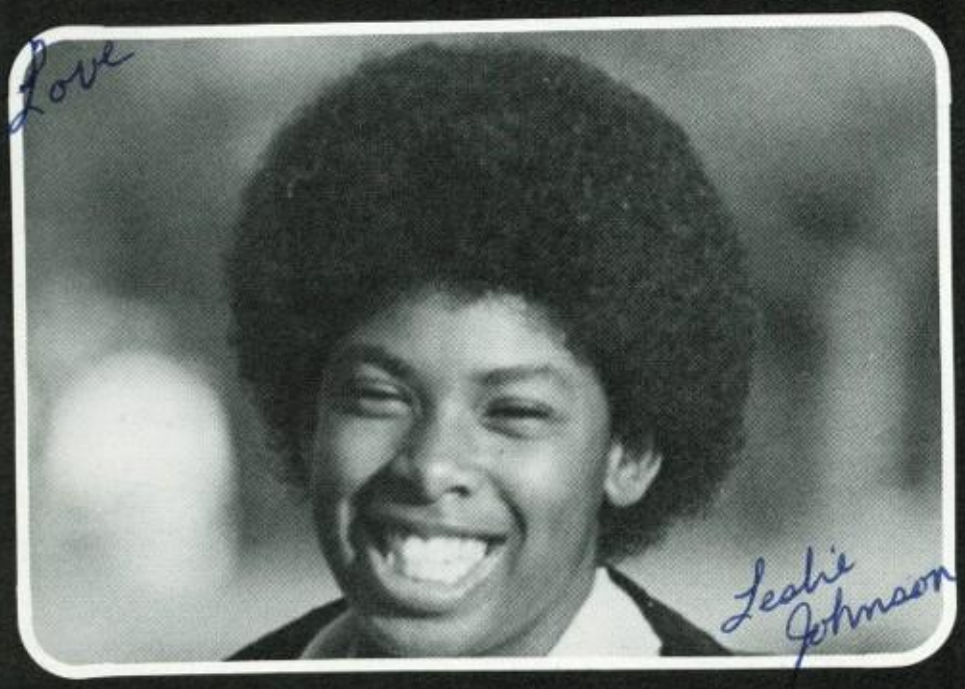
Happiness is good.
The place to be happy is here.
The time to be happy is now.
The way to be happy is to make others happy.

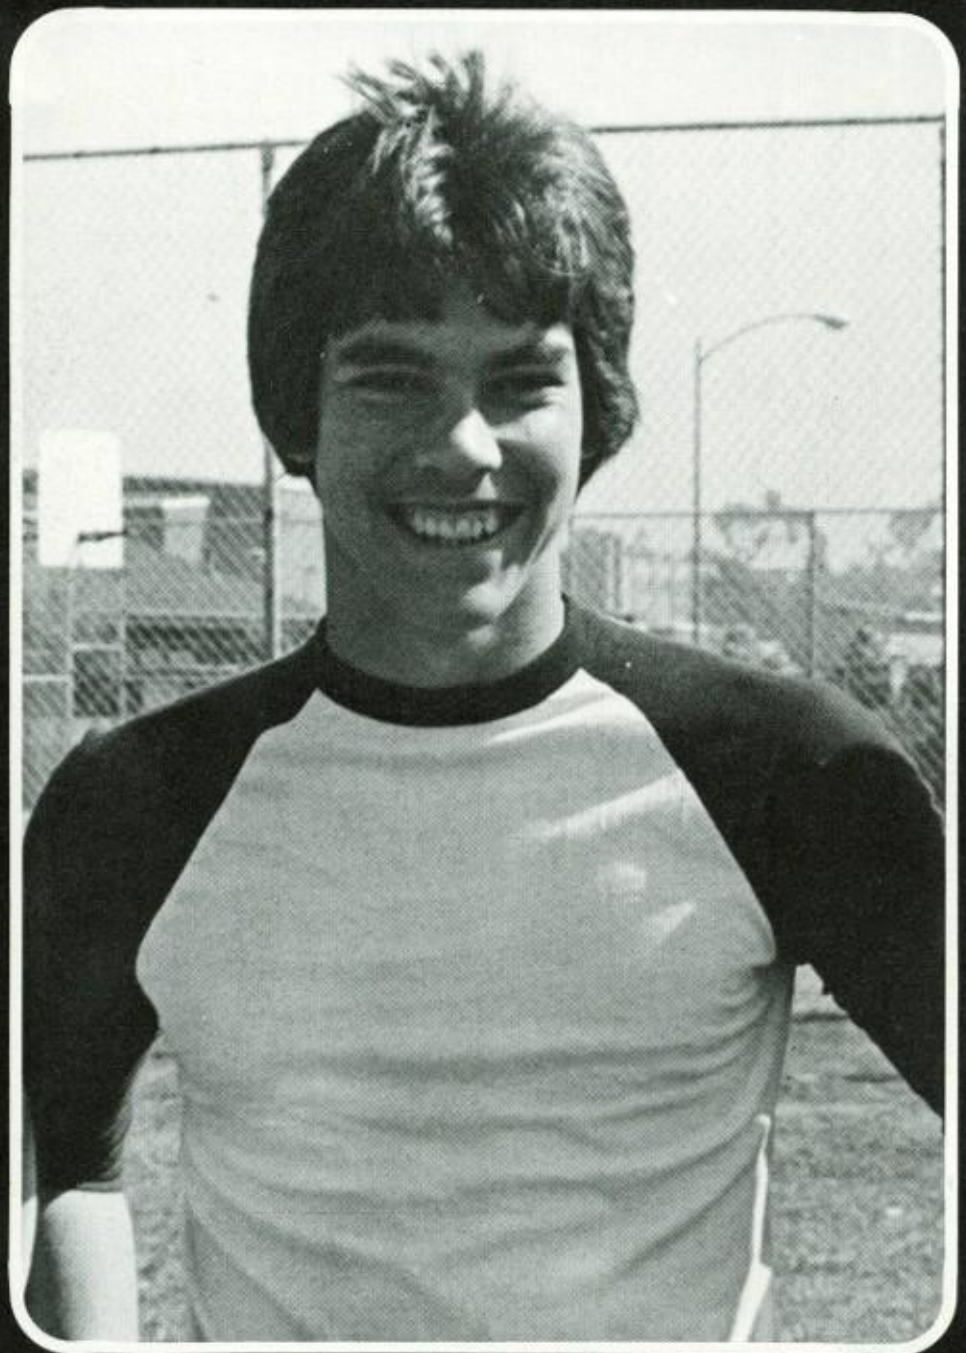








All people smile in the same language.

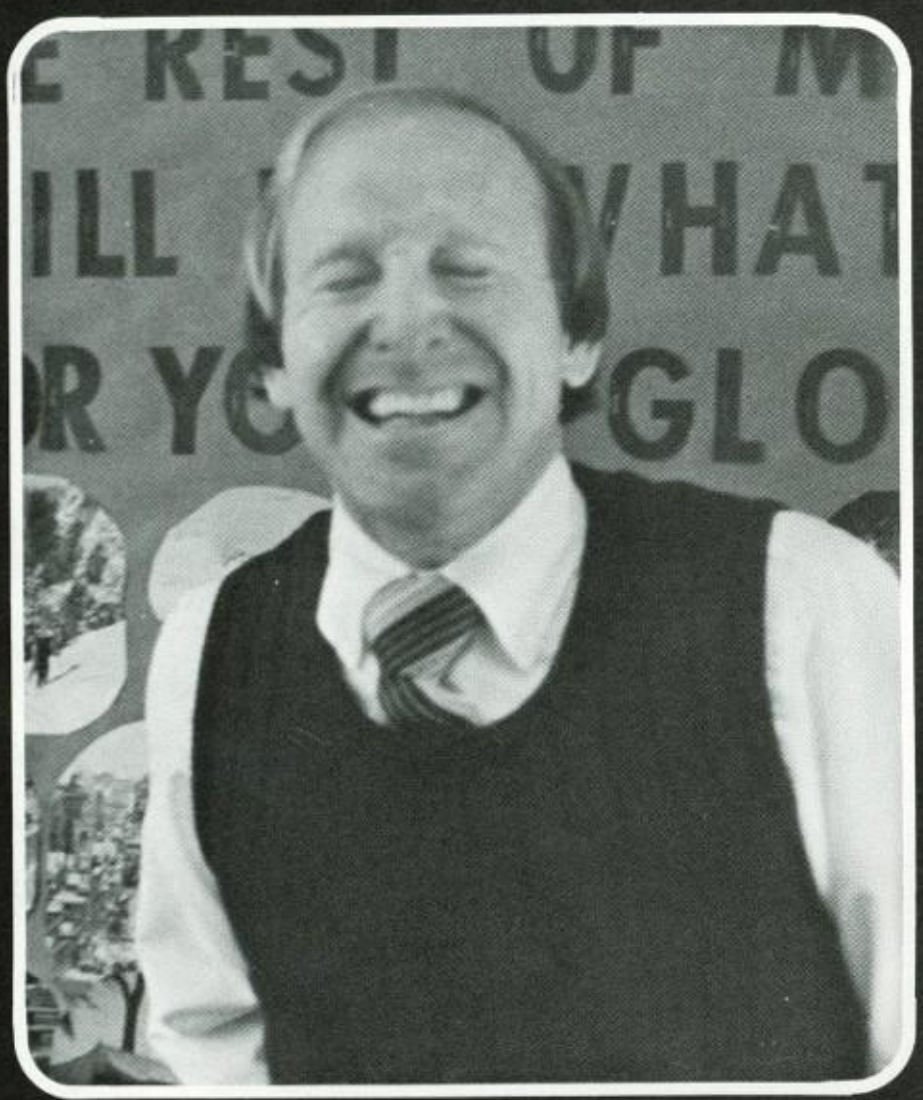


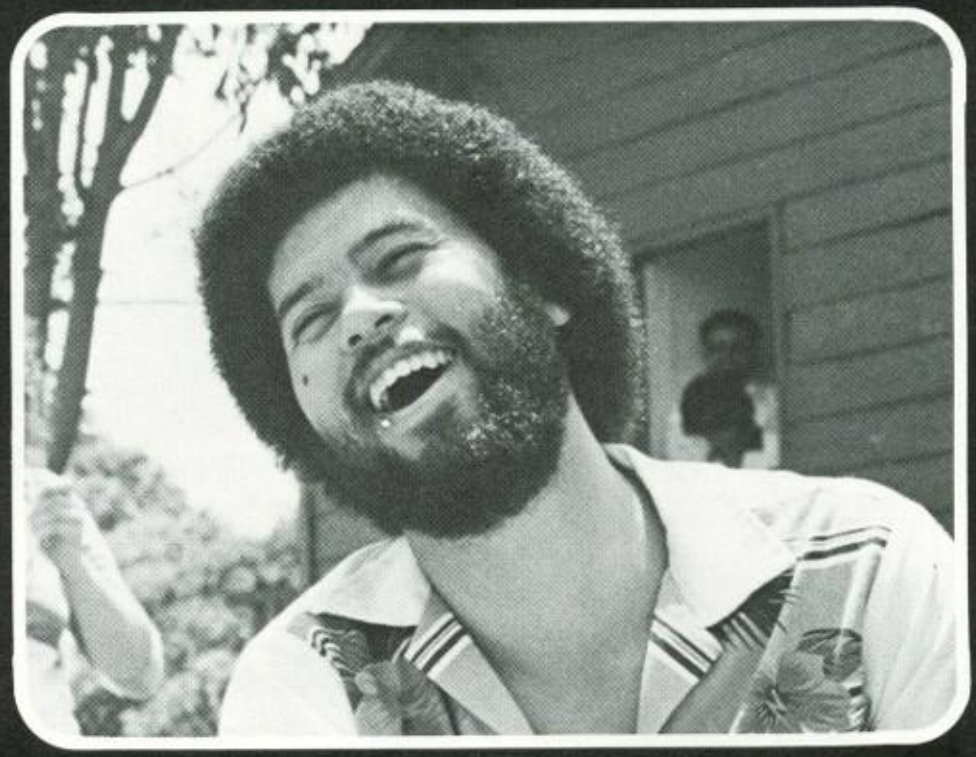
The fear of the Lord makes a merry heart,
And gives joy and gladness, and a long life.

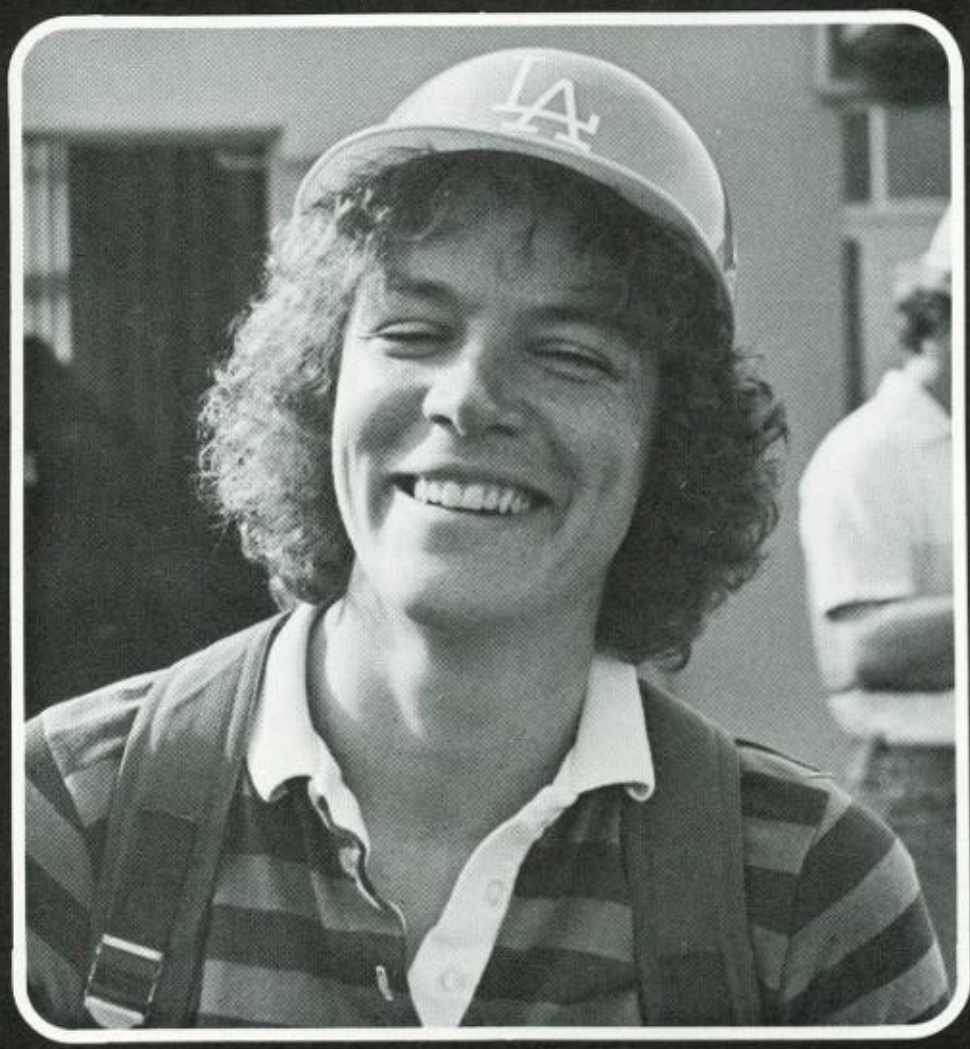
Let those that put their trust in God rejoice;
Let them ever shout for joy
Because God defends them.

A merry heart doeth good like a medicine

He who laughs, lasts.







FACULTY

PRINCIPAL'S MESSAGE

Happiness, that elusive feeling that everyone wants; how can we find it? Is it wrapped up in new cars, large homes, fancy clothes, expensive vacations? If suicide rates among the rich are an accurate indication of the lack of happiness then material possessions are not the answer. Yet the pursuit of economic security consumes so much of our time and energy.

I submit that true, lasting happiness can only be found in helping another person. So simple a statement, so loaded with meaning, can't possibly describe the feelings of satisfaction that we feel when we give of ourselves. The benefit is twofold: ours and the person we have helped.

I believe that you can find happiness here at San Diego Academy. I believe that the smiles you see on your friends' and teachers' faces indicate more than temporary mirth but evidence *true happiness* in service to Jesus Christ.

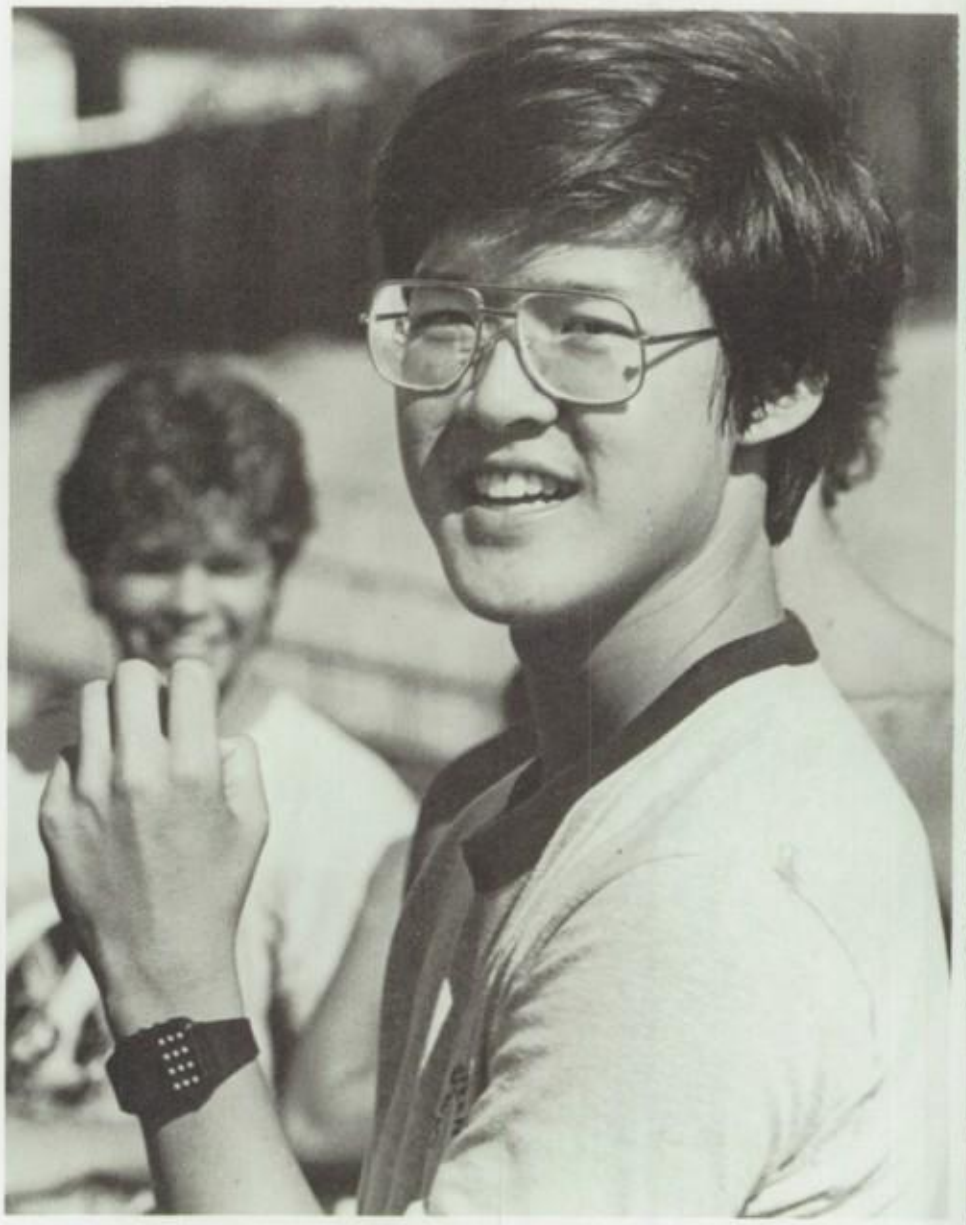
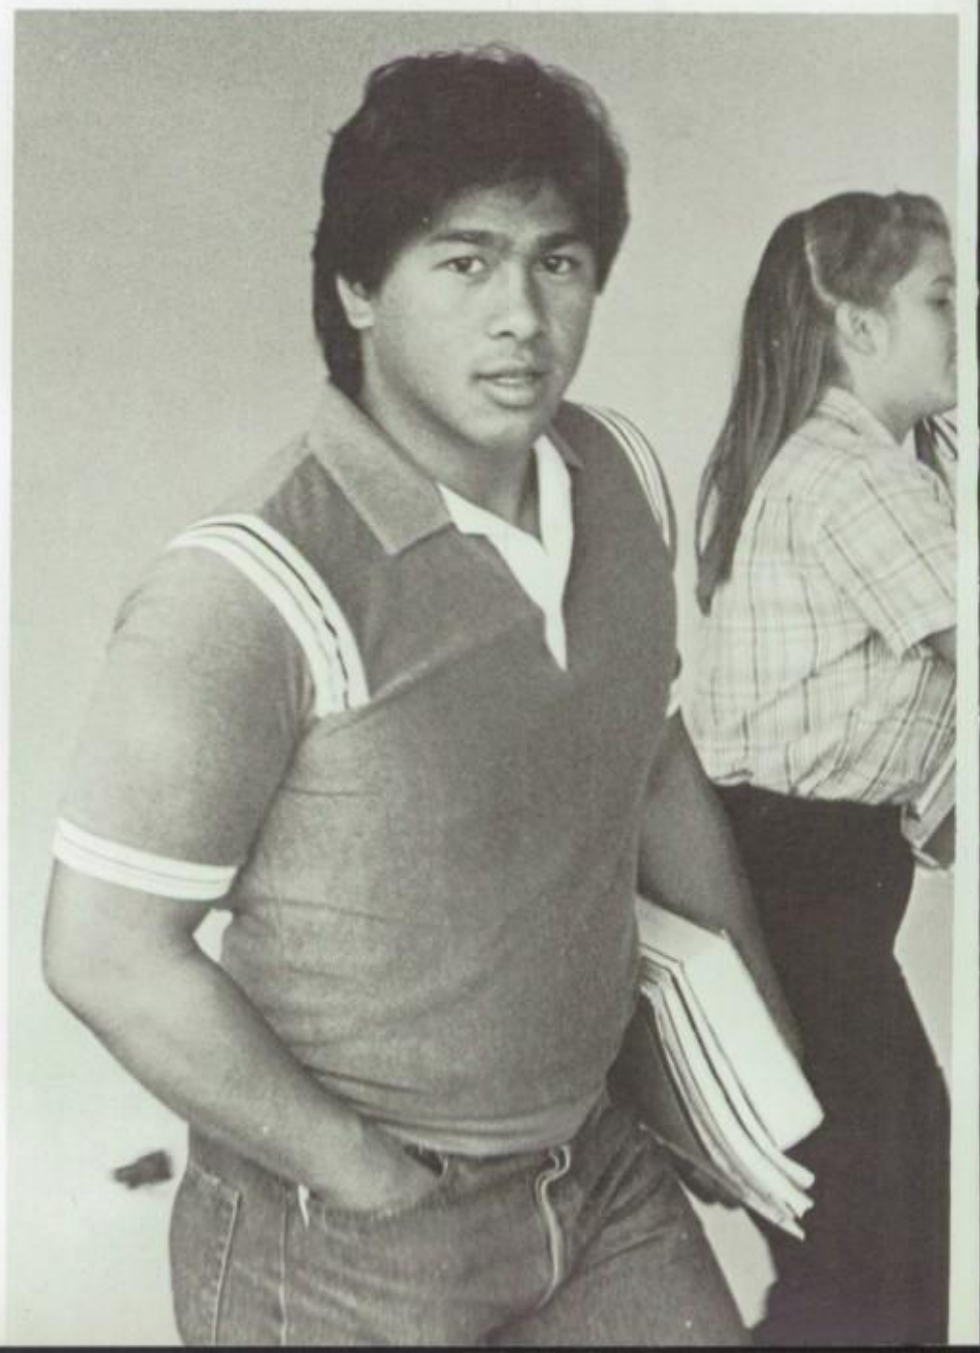
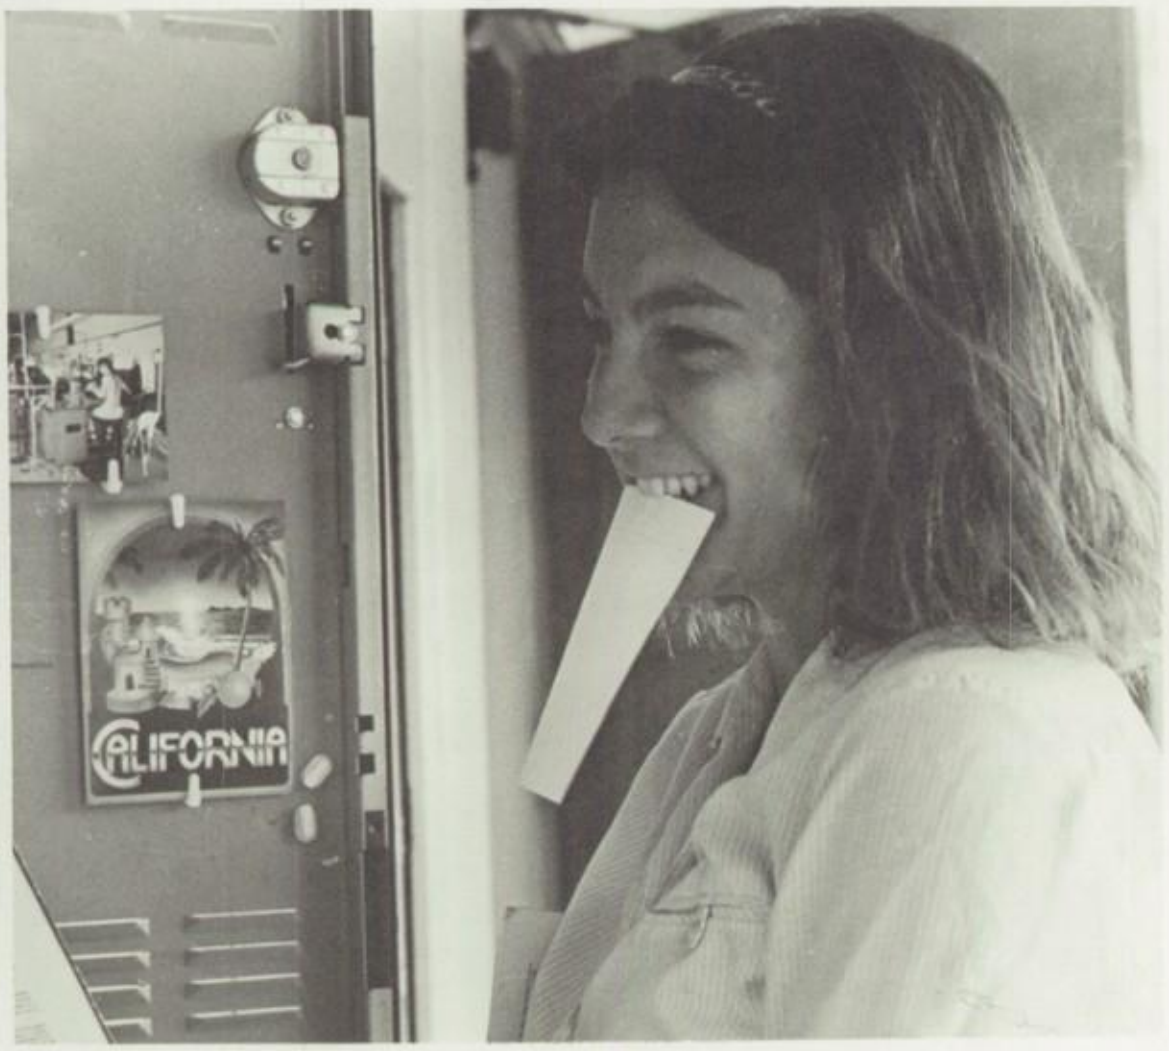
SENIOR CANDIDS

Happiness is to complete a project or at least to reach a point where you can look back and say, "I have come this far!" As seniors we are about to complete another phase in our education, and we will need God to lead us now more than ever. Until now we have been guided on our way by the help of God, parents, teachers, our friends, and other concerned adults. As we grow older we will need to make more and more decisions on our own since those who have supported us in the past will not always be there. With God on our side, we will not fail.



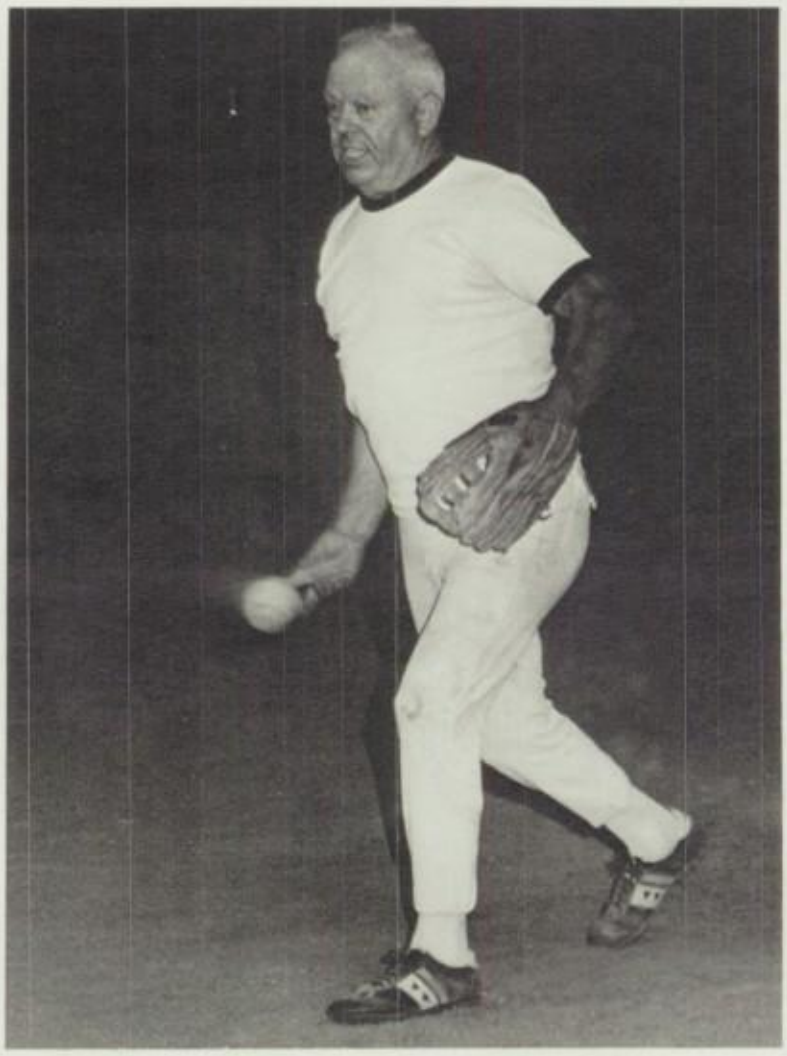




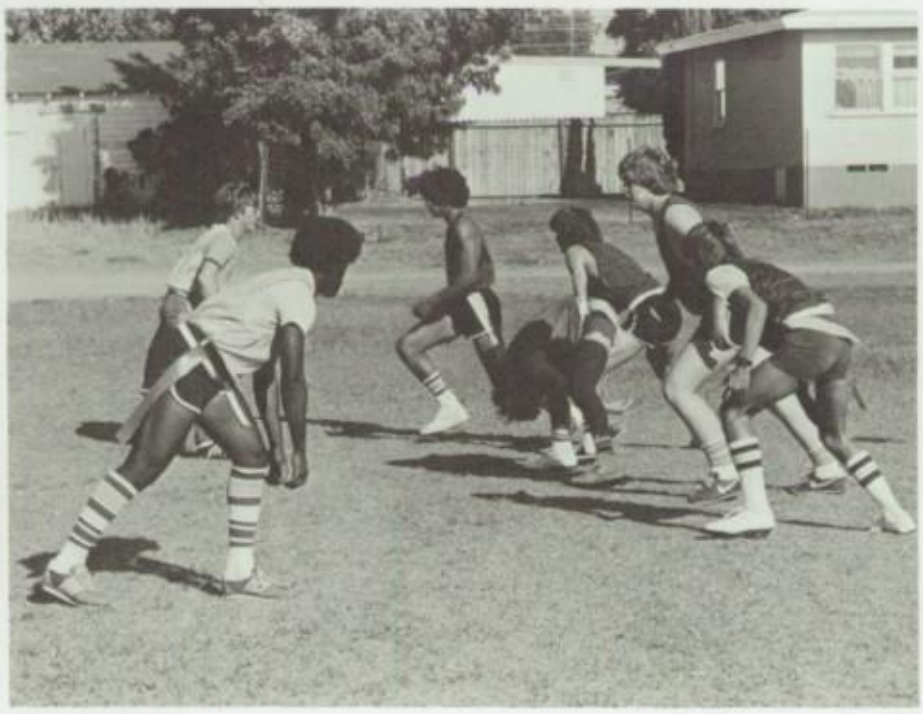
CALIFORNIA

SPORTS

SOFTBALL EXHIBITION



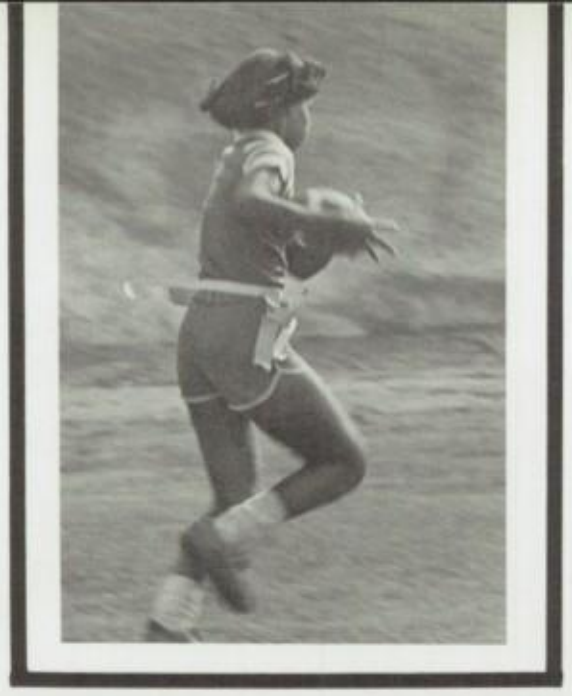
On September 29, a softball team played a four-man touring team called The Joker and his Aces. The game was played at Presidio Park and the proceeds went to help pay for a new backstop for the Academy. Our team put out a valiant effort but the wrong-way double steals proved to be too much and we lost by a score of 11-8.



FLAG FOOTBALL

In San Diego, happiness is Charger Footbal. They cause jubilation when they win and sadness (and excuses) when they don't. Another team of Chargers play at the Academy but they haven't been as fortunate as their namesakes. The Dolphins, led by Jimmy Gomez have been beating everybody, including the faculty team.

There were seven teams included in the 1981 intramural season led by captains John Cowardin, John Damon, Frank Gomez, Jimmy Gomez, Jonathan Greene, Marvin Vaught, and Jay Emery.



GIRL'S FLAGBALL

The football season started before anybody could think twice, but the girls were ready for it. Everyone practiced various plays before they actually started to play real games. Down-and-outs, button hooks, slants, reverses, and sweeps became common words during plays. Blockers and rushers were not quite so vicious this year, but the girls still played with aggression.

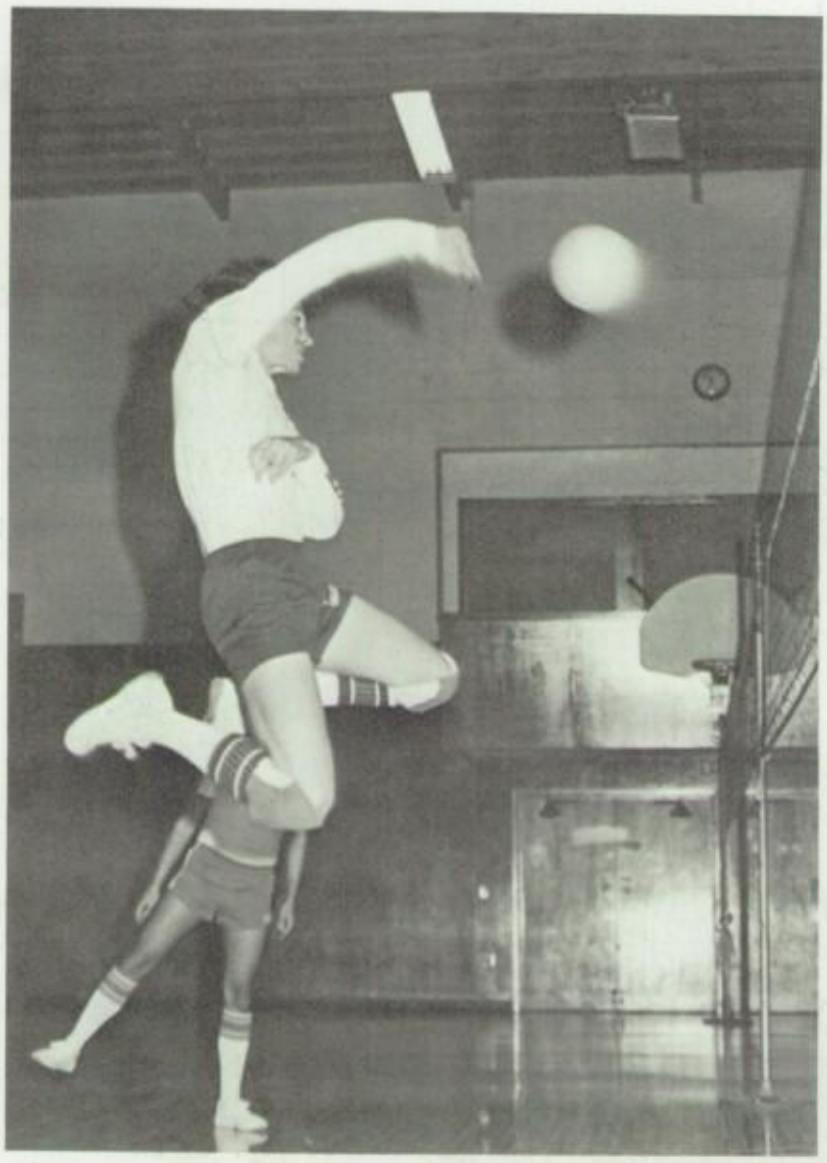
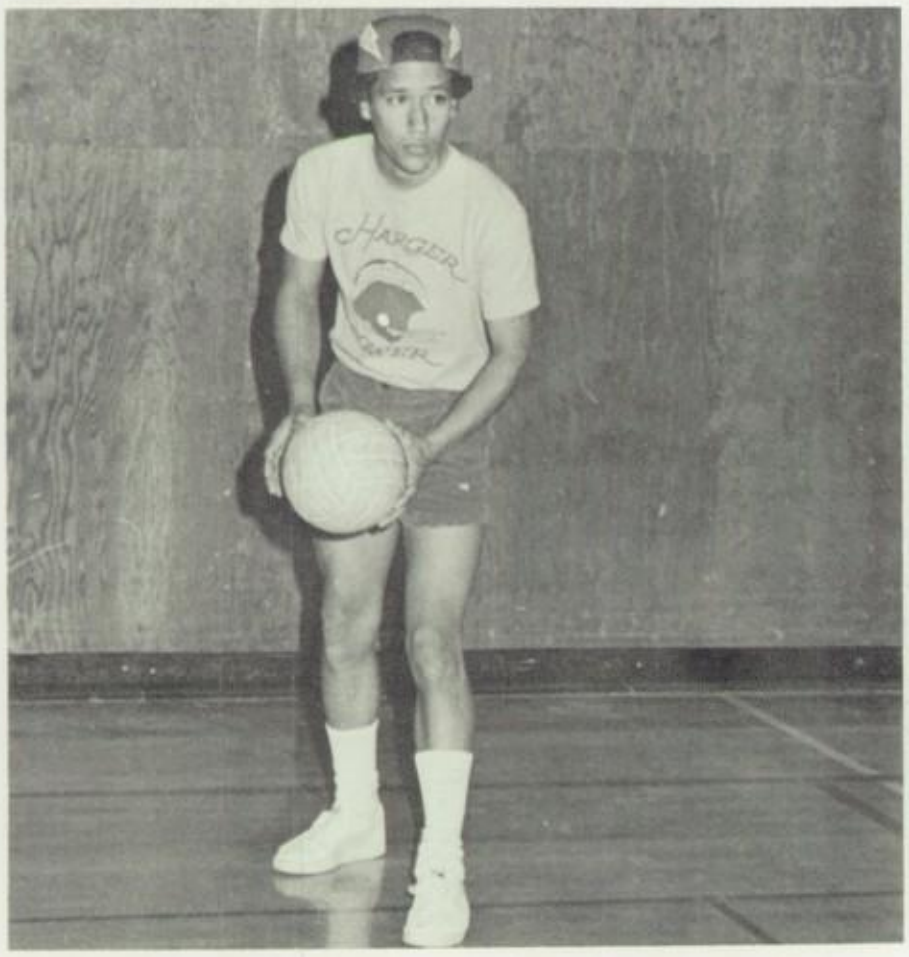
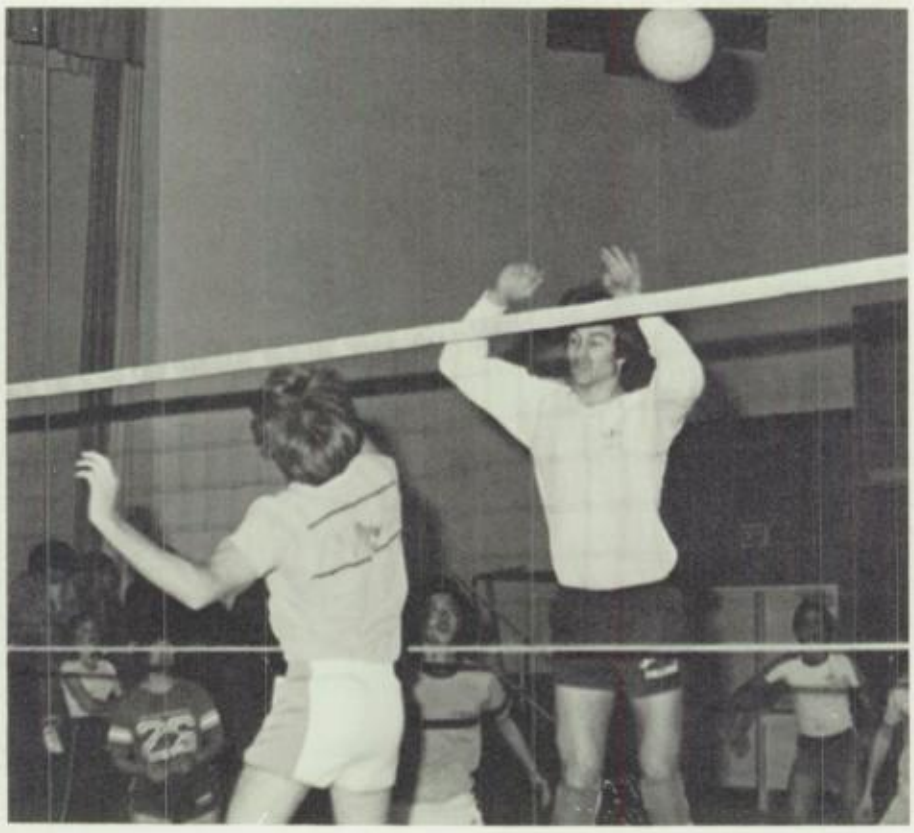
VOLLEYBALL



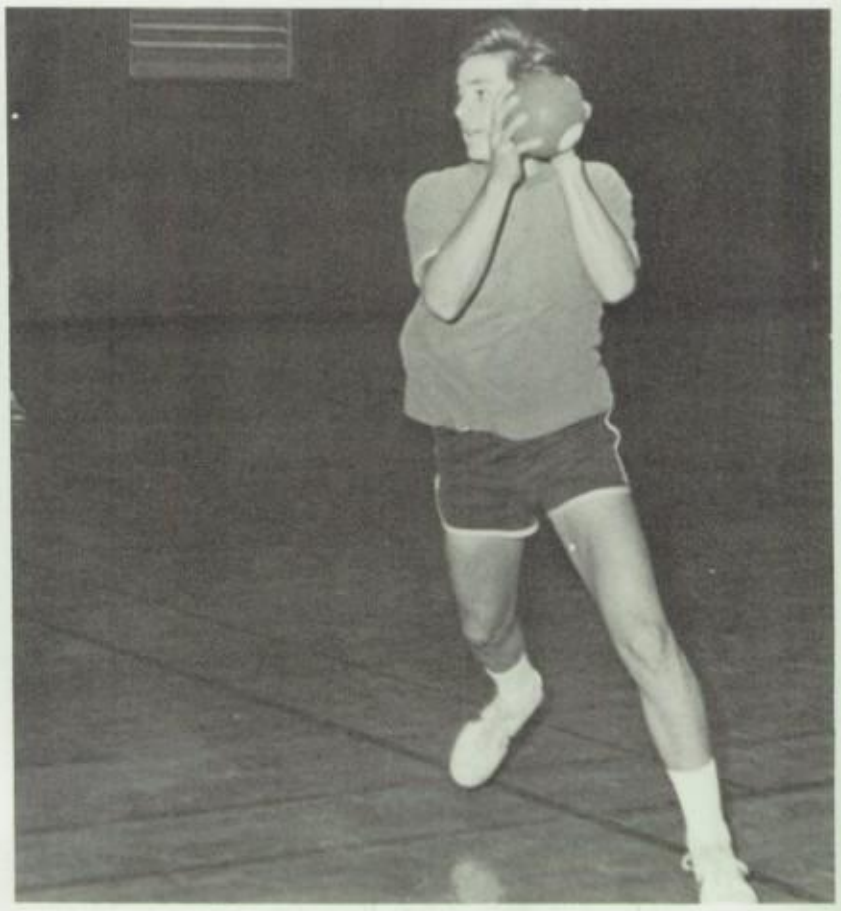
The second annual Volleyball Extravaganza was held this year. The captains of the four teams that competed were Jonathan Greene, Mike Sherler, Patrick Symonds, and Coach who led the faculty team. The competition was stiff but, at the end of the round robin tournament, Patrick Symonds' team was in first place, undefeated, after they beat the faculty team in a close, 3-game match.



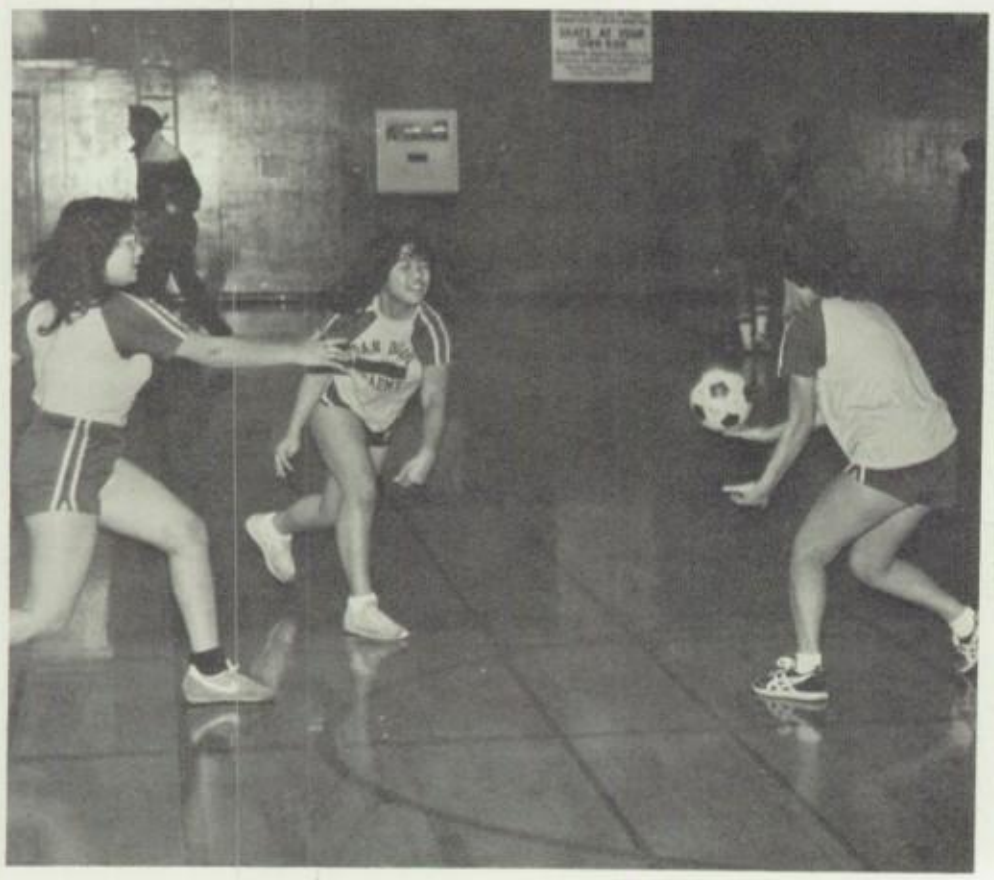
HARGER



BASKETBALL



UNDER THE WEATHER P.E.



All of the students look forward to rainy days. This means that both the boys and girls get to play in the gym together. We get to play "fun" games like Miachi, indoor soccer, skittleball, war ball, and kickball. Actually, by the end of one class period, students are more than happy to return to their own field of play.

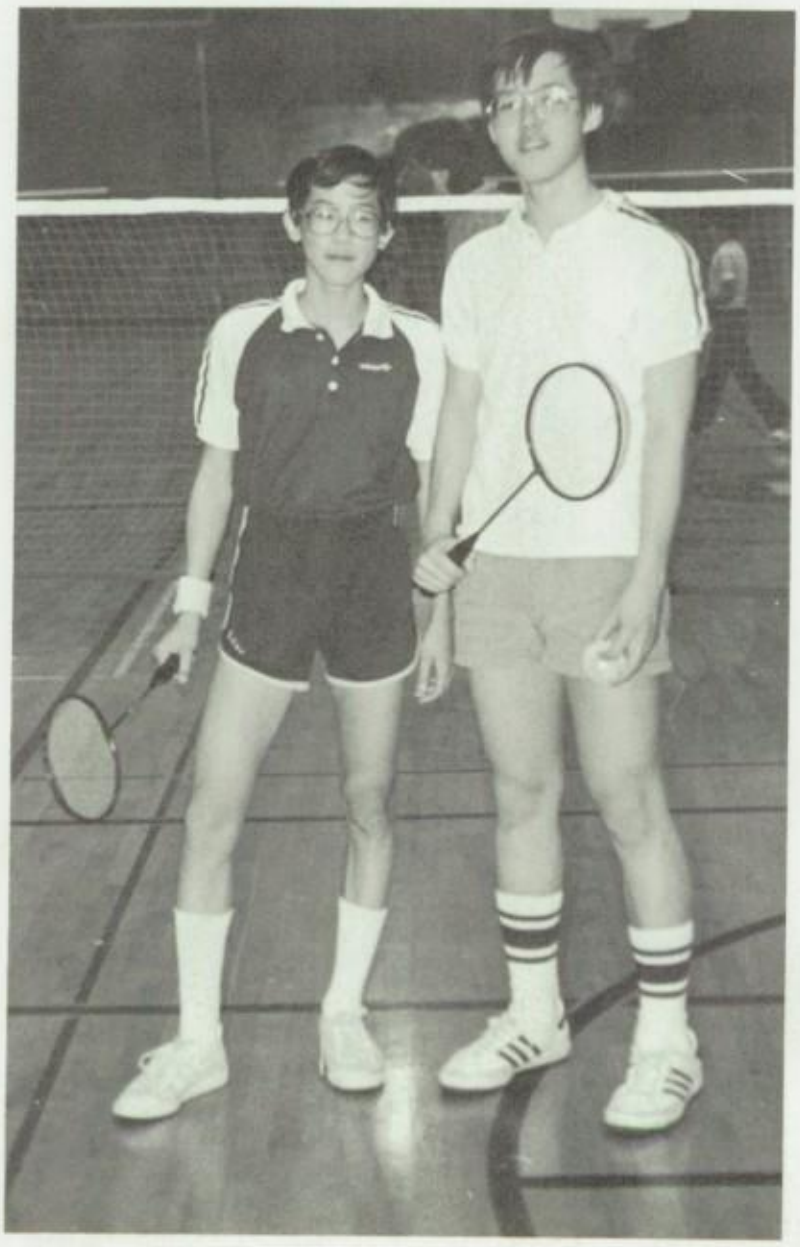
BADMINTON



Twelve teams entered the 1982 Second Annual SA sponsored Badminton Tournament. The matches were hard fought and puncuated by cries of anguish as potentially "great shots" didn't quite make it or tremendous smashes ran amok in the net. The final match pitted Kelvin and Dennison Kon against their dad and his partner, Larry Sales. In the end, youth won out and Kelvin was a champion for the second straight year.

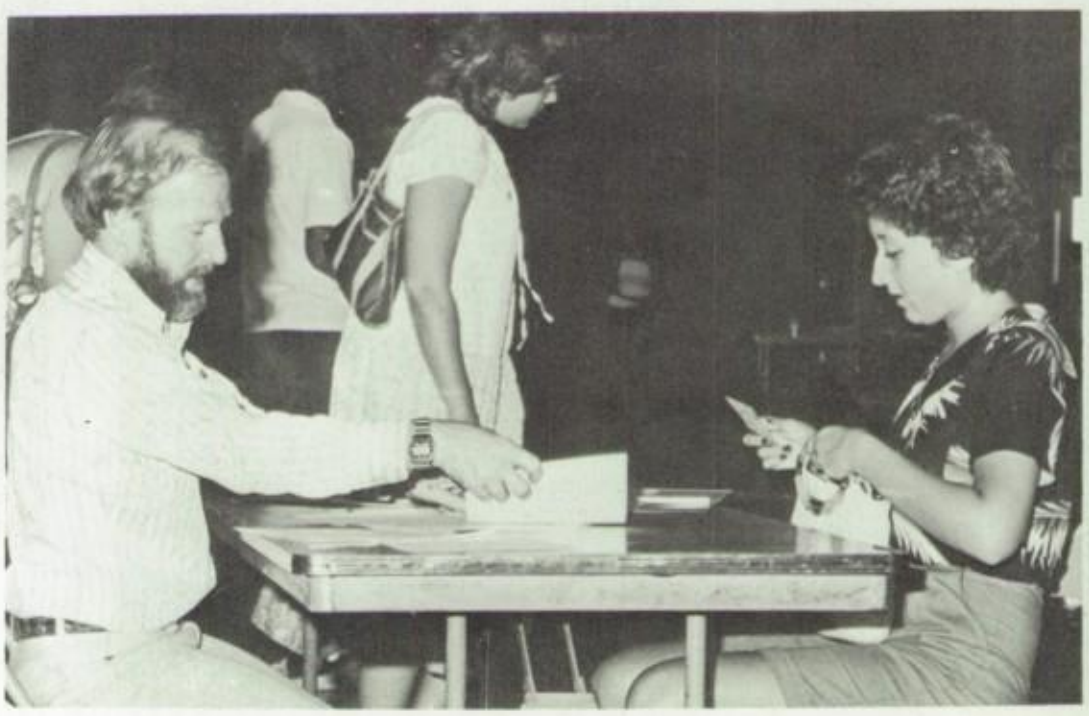
REGISTRATION

Registration is the time to meet old friends and to see the year's new faces. If you overlook the fact that things tend to be hectic and confusing you can have a wonderful time rearranging your schedule, signing up for your classes, and re-rearranging your schedule. If you can get through this with sanity intact, the school year will be no problem.



S.A. SOCIAL

The annual Get-Acquainted Social was held in the gym on the first Saturday night of the year. Beginning with an informal vespers and a handshake, the time was spent in renewing old friendships and meeting new people. The evening of games was topped off by root beer floats.

SAND SCULPTURE DAY

The day started out to be overcast and grey, but there was a general aura of excitement prevailing. Freshmen and Seniors alike were anxious to create their sandcastles and to show their superior strength in the tug-of-war. In the first skirmish, Freshmen united their efforts against the Sophomores, but the Sophomores won. The Juniors and Seniors battled for the lead, but the Seniors proved to be the victors.

After lunch the competition started to pick up. Students had two hours to construct a sandcastle. When Channel Eight News came to film the contest, there was an instant flurry of many hands working on their sandcastles. With the deadline rapidly approaching, students worked frantically to finish in time. The Seniors were putting the finishing touches on Snoopy and his doghouse, and the Juniors were just taking off their form for the relief of San Diego. The Sophomores completed putting the shells on their Jack-in-the-Box, and the Freshmen quickly touched up their gigantic Charger helmet.

When the judging started, everyone waited in anticipation for the results. Each class thought that it would win. When Mr. Keresoma announced the winners, all students were surprised. The Seniors 4th, Freshmen 3rd, Sophomores 2nd, and the Juniors 1st. of course whatelse, but 1st place

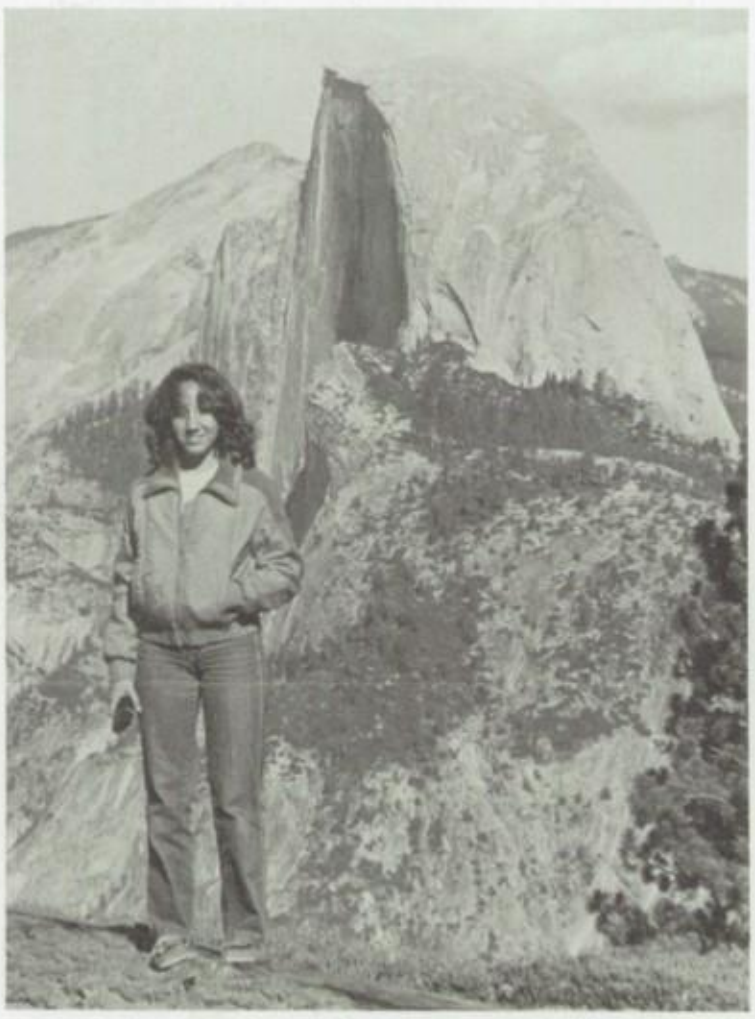
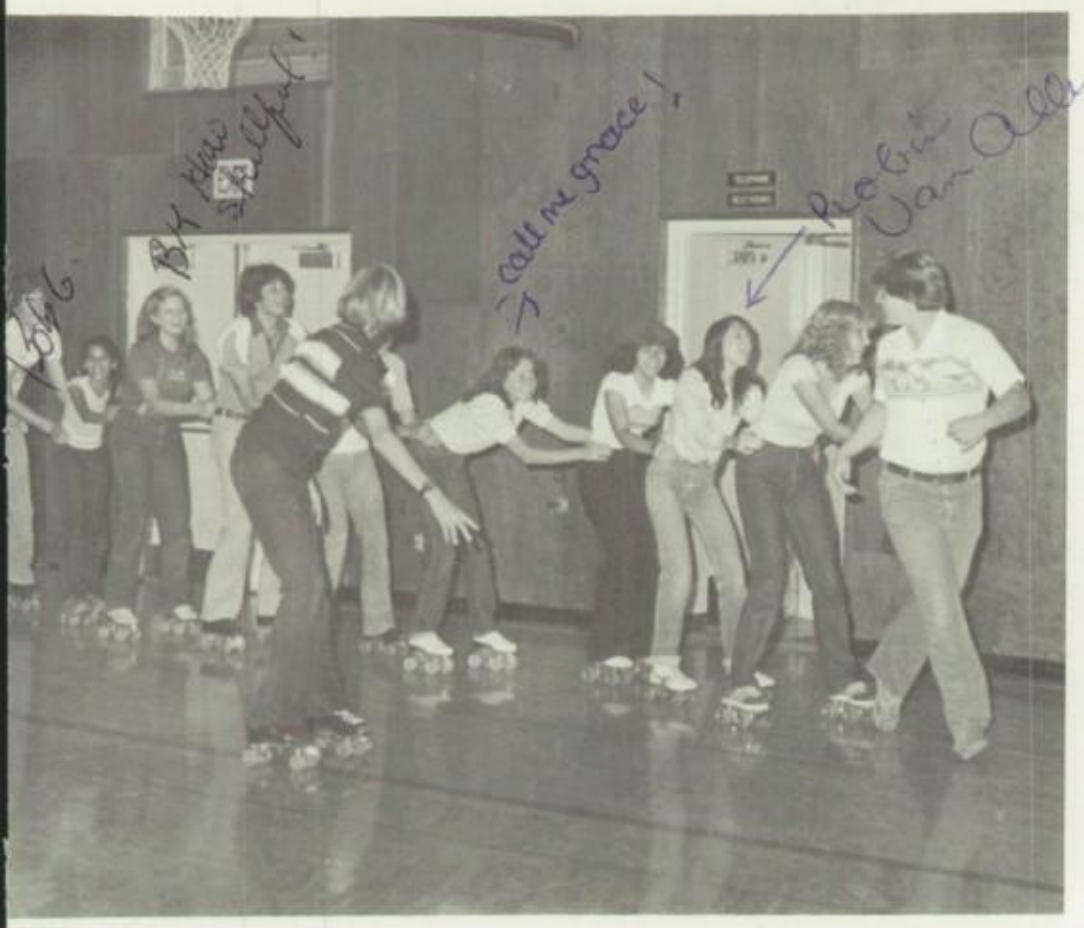
MESA

WAWONA

Each year the first semester SA officers attend a Leadership Conference at Camp Wawona. This provides an opportunity to meet with students from other schools and to fellowship and learn new ideas to benefit our school. The officers report that the meetings were spiritually uplifting, the food was good, and the time spent with other schools was enjoyable. In addition to the meetings, there was time provieded for sightseeing. Being in Yosemite was a special experience which brought our leaders closer to God.





S.A. SKATE

The Saturday night skate activity showed a large attendance. While some students brought their skates, some tried to rent from the school. After everyone was finally outfitted with a pair of wheels, Mr. Davis attempted to organize a grand march, skate style. Everyone got tired, but it was fun.

FALL PICNIC

October's fall picnic was a breath of fresh air after the stifling first weeks of school. The day was spent in competition between the classes. First was a series of relays — three-legged race, wheelbarrow race, the jump rope relay, and the egg toss — followed by an early lunch. After lunch, the crowd reassembled for the football games which featured freshmen vs sophomores and juniors vs seniors for both the boys and the girls. The last game of the day concluded with the junior boys holding on to a narrow one point victory, and all boarded the buses with a cheerful though weary enthusiasm.

WEEK OF PRAYER

Our Fall week of Prayer was conducted by Dave Mauck, a very interesting speaker. We learned new songs and relearned old favorites sung in a new way. Wednesday morning we watched a movie entitled "Super Christian" portraying a man who was a fake christian and how he learns to be a real one. At the end of the week we had a Friday night program of singing and fellowship which closed our Week of Prayer.

SPIRIT WEEK

Spirit Week gave students a chance to win points for their class through participation in various events. The first of these was Have-A-Heart Day. The girls were given hearts with their names on them and the boys had to get the hearts by making the girls talk. Tom Johns won the day for the Sophomores with five. Wednesday's assembly featured students putting puzzles together (Puzzle Pandemonium) and racing Big Wheels (Honeymoon Hustle) blindfolded to the sound of noisemakers. Thursday was Hat Day and Friday was Fifties Day when participants dressed as students would have dressed 25 years ago.

CHRISTMAS BANQUET

The annual Christmas Banquet was held at the Catamaran Hotel this year. Mr. Bottroff, our new Bible teacher and Master of Ceremonies, added a new dimension to the tradition this year by asking four students to tell what Christmas past meant to them. Cindy Dailey, Gene Kim, Jimmy Gomez, and Bobbi Nelson reminisced on Christmas in other lands and places. Jay Emery and Ingrid Vhymiester sang melodic Christmas Carols and various secular songs. The vegetarian menu was served buffet style and most people thought the food was delicious. We also received a visit from a Samoan Santa Claus who had trouble keeping his beard on and belly in. The elves wore flowered skirts and even the reindeer was dressed for the occasion.

CHAPELS

Most Wednesday mornings we break for our everyday routine to meet in the gym for chapel. Included in this year's line-up were a juggler, a magician, the disco-disk throwers, and the SA sponsored Dating and Nearlywed Games. The highlight of the year was a sculptor from Loma Linda University.

BIBLE CAMP

This year's Bible Camp was held at Pine Springs Ranch. The speaker for the weekend was Dr. Madeline Haldeman from the La Sierra Campus of Loma Linda University. Each academy took a turn being in charge of worships and other activities.

CAREER DAY

Career Day was held February 24th in the gymnasium. A wide range of professionals were present and students had the opportunity to interview and talk with them. Many of the representatives brought interesting displays or visual presentations to illustrate their line of work. Paradise Valley Hospital provided balloons and refreshments.

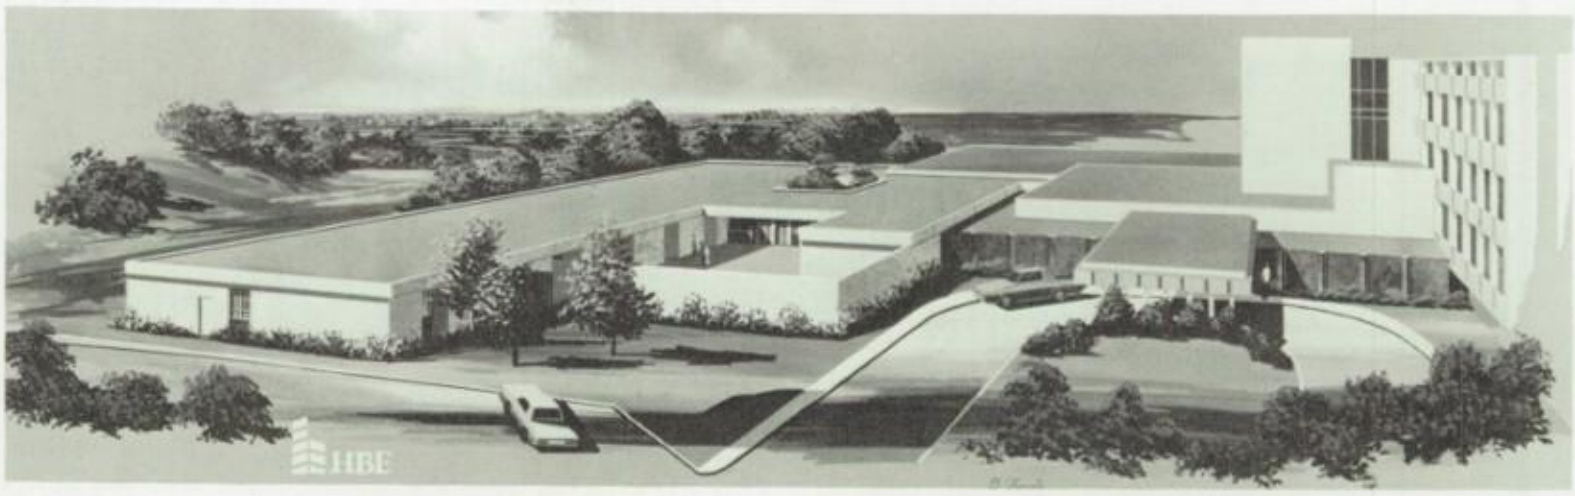
Come grow with us.



At San Diego Academy, you're building a strong future.

So are we.

As you plan your future, we think you'll find satisfaction in joining our health-care team. Here's why.

"Affiliating oneself with a Christian hospital is one way to do evangelistic work." — Ben Medina, M.D., internal medicine specialist.

"I enjoy helping people. Working at a Christian hospital, that feeling of satisfaction runs deep." — Jim Holder, Radiology Department director.

"The health-care industry is challenging. Here at Paradise Valley, I get a sense of accomplishment and can relate my work to giving glory to the Lord." — Will Henry, C.P.A., controller.

"People need someone to be caring and to touch them. They really relate to those giving them medical care at their bedsides." — Lonnie Jerke, technical director, respiratory care.

"We need the expertise of bright Christian young people pursuing vocational careers." — Ed Ewing, plant services director.

"Working in a Christian hospital, I'm free to show my love for God and His care." — Cynthia Isaacsen, intensive care nurse.

"Almost everyone coming to a hospital is experiencing a crisis. Helping them gives one a sense of purpose, of self-worth." — Rodney Applegate, senior vice president.

"We need more than doctors, nurses and technicians to keep a hospital running. In a business setting, we contribute a lot to the quality of patient care." — Nghiep Le, materials management director.

Paradise Valley also needs laboratory technicians, chaplains, rehabilitation specialists, office workers, volunteers, dieticians, health educators, pharmacists, data processors.

Exciting things are happening here. Bring us your talents. The results could be eternal.

Dear T.T.
I am
Finally signing
your annual! Aren't
you proud of me?
I looked and looked for a page
to write on - and finally decided
on this page - school & studying is
what I need to do more of -- Right?
This year has been really fun! I'm so
glad I got to know you better! You've helped
add spunk into our drab days at school! I'm
glad that you joined our youth - It's fun
wait on you and K.K. there, (even though you don't
know how to conduct yourself properly when driving
me home!) But all those times were so fun! - we've really
done some crazy things - and have been fun! - on Bible conf,
I don't think I'll ever forget - Thanks for being
there for us! Oh and thanks for always helping me get someone
away from who! I appreciate it! I hope that next
year we will have more classes together so we can all be rowdy
together! OK?!? You know that you are really sweet & fun - Stay that way! and
please stay the friend that you are OK! This summer - all of us
KK, SS, WB, me and you and the gang will have to get together
periodically - OK?!?! Go to the beach or something OK?!, Thanks
for all the advice you've given me about "certain" things! You've
been a big help (even though you tried to kill my Baby Le mutt! ;)
Please stay the way you are - OK?! Take Christ with you
He's pretty neat!
With love, your friend,
Shirley

WHAT WE ARE ALL ABOUT

We're known as the Price Cutters of the industry. We rip out labels, cut overhead, do anything to eliminate fat to deliver the best quality garment at the best price. Any store can sell a suit for $150, but we feel we must offer that same suit for $88 or less to be important to our customers, who must realize dramatic savings as their reward for shopping us. Dear Todd (T.D),
I don't know too much about your but your a different kind of a guy. Your special. Your will anyway, I hope you have had a good Sophmore year. Very soon your will be a part of the upperclassmen, a "big" Junior! Wow! I have had a terrible "Senior" year and I hate to see it go. But I won't be able to see all my friends and those every single day anymore and I'm sure that life after High School will be exciting! And you're not looking forward to it to be, I hope your future is just as always stay close to God. I feel very privileged to be the first to sign your annual.

P.S. You'd better learn to drive better! (Just kidding!)

Love,
Robin Van Allen
Class of '84"
Rules!

I agree!

Dear Todd,
Even if we had a few arguments at the beginning of the year, I still think you're a neat guy. I'm glad I had a few classes with you this year. See you next year!

Bethany
'84 forever!

Hey Todd,

You finally decided to grow this year. I guess I owe you a quarter.

We didn't have many classes together so I didn't see you much. Maybe next year we will. Just think we'll be upperclassmen. Oh help-you an upperclassmen?

Remember that day and Emma and I followed you home. You looked so different driving. Maybe one day I'll learn how to drive.

I hope you and Kelvie stay out of trouble this summer. Take care and I'll see you next year. LOVE,

Lori

P.S. Don't grow too much

Dear Todd,

Its been a great year. Having you in my classes has lightened it up. If it werent for you and Kelvin, you know who would be sitting by me still.

Anyways, you are a sweet guy. I remember though when you first came to our school I thought you were very weird. (trick), but I did expect someone tall because in the hopital paper your mom told about you.

Well, now about "Foriegner", they are a hot group along with "Journey". I was so upset when you didn't take me. But next time they come maybe we can go.

Keep striving for your goal in life and I know you will accomplish them (and your height, ha, ha - please don't get mad) trick.

Well, I'll see ya at your work alot anyways this summer so we won't have to say good-bye forever. See ya.

P.S. [signature]

Love,

Jody

Hi Todd, How's It going?
Well, another school year goes by again and after the seniors left - it just got worst didn't it. But then you were still here being my buddy and making things better. I feel that Bible Camp was very bad at Pine Springs Ranch. I like Cedar Falls much nicer, better place. I think this pen is ruining my writing, maybe I should change pages, but then who cares, it's just your annual - you don't mind. Disneyland was really fun and I think that we should stay there for weeks. Those concerts were really neat. This summer we have to go to some of these great places so just quit work and let's go. Tell me one thing, do you like this school? Mr. Davis, I think should leave this school since he is so crazy. He is getting very old and needs to go. You know, though the being radical in 7th period is fun. Don't you wish we could just leave the school and go some place? Please! And Mr. Graves has already been gone from here for the last year, that is pretty bad, I think we should write to him up in Weimar, but I don't think we will go to school there though. La Sierra seems like the most prominent place, even though my mom said it's very worldly there. You know, with all those movies and people..... (not 'till College). I know we are going to be bachelors and live it up, it's the only good thing to do to have fun. Just wait 'till we're M.D.'s and are practicing - after awhile we'll be out to the Netherlands, while WW III is going on. You know, I can't stand these wars and being drafted. Oh well, getting back to our primer years - I think we shouldn't buy such expensive clothes, just looking nice. Todd, I think we should go to Disneyland right now, okay? Okay, okay - you forced me to quit this note soon and said I didn't have to write a whole page so then good-bye. I will take to you later.

From your good buddy,
Kelvin Kon

(P.S. - To be Continued)

my only tt,

This year is almost over! It went by so quickly. It has definitely been my best year though. I kinda hate to see it come to an end for numerous reasons. Lisa will be leaving and things won't be the same without her. Also, I can't stand the thought of not seeing you every day at school. I hope we will still be able to see each other after (during the summer)

We have had so much fun! It's people like you that take the boredom out of coming to school. It actually makes me look forward to it. You're really special. I have never met anyone like you before. You always stick up for us, like at Bible camp, even when other people don't we can always count on you to be there. I Remember, we stole your underwear, sprayed your sleeping bags with perfume, and kissed your pillows with lipstick? Always keep the pillowcase, okay?! But in spite of all that, you still stuck up for us.

You're so much fun to be with. I enjoy being with you more than I do my best friends. You're the type of person I can talk to about anything. You are always there when I'm depressed and need someone to talk to, and you always make me feel better.

I had so much fun when you and Kelvin took me miniture golfing. We rode the waterbuses and got soaking wet. "Shopping" at Grossmont Center was fun too. Food fights at lunch time were also fun until we got in trouble and had to clean the Student Center for 3 days.

I guess what I'm really trying to say is that you have helped me alot this year, helped me set my priorities, Helped me with school work, (especially Biology + Algebra) I don't know how I can ever thank you and how I can ever tell you how much I care for you and like you. We have gotten so much closer this year and we are such good friends. I know that nothing will ever ruin that and I hope that we can be even closer.

I'm running out of room now so I had better close. Stay sweet, kind, gentle, and loving!!! Always remember though that nothing is more important in this world than a relationship with Christ! I know that I have a tendency to forget that, but I'm working on it.

I love you lots!

your only

Todd,
Well you finally got your wish, leaving medical records. I hope you are truly happy with insurance. Well, couple more months and you'll be old enough to sneak into a rated "R" movie without any problem. I did have fun sneaking into "Porky's" and Quest for Fire. You guys (Kelvin & you) are pretty good buddies, you guys get along fine. To bad you and Stevi didn't work out, but oh well, you still have two years to swoop some more. ha ha To bad you had your first crash, but I can't talk and totalled a car and got a ticket. Maybe we can go to see some more movies this summer, when they come out. See you this summer in Insurance and at church. Have a good "working" summer.

Your friend,
Todd Ewing
